## Qualifying Voluntary Environmental Remediation Property

### Amends KRS 132.020 and 132.200 to provide:

One and one-half cents (\$0.015) upon each one hundred dollars (\$100) of value of all qualifying voluntary environmental remediation property, provided the property owner has corrected the effect of all known releases of hazardous substances, pollutants, contaminants, petroleum, or petroleum products located on the property consistent with a corrective action plan approved by the Environmental and Public Protection Cabinet pursuant to KRS 224.01-400, 224.01-405, or 224.60-135, and provided the cleanup was not financed through a public grant or the petroleum storage tank environmental assurance fund. This rate shall apply for a period of three (3) years following the Environmental and Public Protection Cabinet's issuance of a No Further Action Letter or its equivalent, after which the regular tax rate shall apply.

### Applicable Definitions:

"Brownfield site" means real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant;

"Capital investment" means:

- (a) Obligations incurred for labor and to contractors, subcontractors, builders, and materialmen in connection with the acquisition, construction, installation, equipping, and rehabilitation of a project;
- (b) The cost of acquiring land or rights in land within the development area on the footprint of the project, and any cost incident thereto, including recording fees;
- (c) The cost of contract bonds and of insurance of all kinds that may be required or necessary during the course of acquisition, construction, installation, equipping, and rehabilitation of a project which is not paid by the contractor or contractors or otherwise provided;
- (d) All costs of architectural and engineering services, including test borings, surveys, estimates, plans, specifications, preliminary investigations, supervision of construction, and the performance of all the duties required by or consequent upon the acquisition, construction, installation, equipping, and rehabilitation of a project;
- (e) All costs that are required to be paid under the terms of any contract for the acquisition, construction, installation, equipping, and rehabilitation of a project; and
- (f) All other costs of a nature comparable to those described in this subsection;

## INSTRUCTIONS

### TANGIBLE PROPERTY TAX RETURN

(REVENUE FORMS 62A500, 62A500-A, 62A500-C, 62A500-L, 62A500-S1, 62A500-W and 62A500-MI)

#### Definitions and General Instructions

The tangible personal property tax return includes instructions to assist taxpayers in preparing Revenue Forms 62A500, 62A500-A, 62A500-C, 62A500-L, 62A500-S1, 62A500-W and 62A500-MI. These instructions do not supersede the Kentucky Constitution or applicable Kentucky Revised Statutes.

**Taxpayer**—All individuals and business entities who own, lease or have a beneficial interest in taxable tangible property located within Kentucky on January 1 **must** file a tangible property tax return. All tangible property is taxable, except the following:

- personal household goods used in the home;
- crops grown in the year which the assessment is made and in the hands of the producer;
- tangible personal property owned by institutions exempted under Section 170 of the Kentucky Constitution.

The tangible return and instructions do not apply to real property, registered motor vehicles, apportioned vehicles or the following classes of property which should be reported to the Public Service Branch:

Commercial watercraft.

Distilled spirits held in bonded warehouses.

Public Service Companies taxed under the provisions of KRS 136.120.

Communications Service Providers.

Multi-Channel Video Programming Service Providers.

Report Commercial Watercraft on Form 61A207.

Report Distilled Spirits in bonded warehouses on Annual Report of Distilled Spirits in Bonded Warehouses, Form 61A508.

Report Public Service Companies on Public Service Tax Return, Form 61A200.

Report Communications Service Providers and Multi-Channel Video Programming Service Providers on Form 61A500.

Communications Service Providers and Multi-Channel Video Programming Service Providers are required to report property taxed under KRS 132 on Form 61A500. This includes:

- All telephone companies (including paging services)
- All cable television companies
- All Direct Broadcast Satellite (DBS) companies
- Wireless cable Direct Broadcast Companies
- Voice Over Internet Protocol (VOIP)
- Internet Protocol Television Service (IPTV)

**Assessment Date**—The assessment date for all tangible personal property is January 1.

**Situs of Tangible Property**—The taxable situs of tangible personal property in Kentucky is in the county where the property is physically located on January 1.

**Filing Requirements**—To properly report, note the following:

- Kentucky does not allow consolidated and joint returns.
- File a tangible property tax return for each property location within Kentucky.

- The return **must include** the property location by street address and county. A post office box is not acceptable as the property address.
- File the return between January 1 and May 15. If May 15 falls on a weekend, the return is due the first business day following May 15.
- **Do not enclose the tangible return with the income tax return.**
- File the return with the Property Valuation Administrator (PVA) in the county of taxable situs or with the State Valuation Branch. See pages 9 and 10 for a complete listing of mailing addresses.
- **There is no filing extension for this return.**

**Payment of Taxes**—Do not send payments with your return. The sheriff in each county mails the tax bills no earlier than September 15. Returns filed after the due date of the return are billed by the State Valuation Branch.

**Classification of Property**—Real property includes all lands within this state and improvements thereon. Tangible personal property is every physical item subject to ownership, except real and intangible property.

**Lessors and Lessees of Tangible Personal Property**—Leased property must be listed by the owner on Revenue Form 62A500, regardless of the lease agreement's terms regarding tax liability. **Classify leased assets based upon their economic life.** If the lessee is obligated to purchase the property (i.e., capital lease), he is deemed the owner and is required to list such property. If the lease terms do not obligate the lessee to purchase the property (i.e., operating lease), the lessor is deemed to be the owner and is required to list such property. The tax return must contain the name of the lessee and location of property. The lessee must file Revenue Form 62A500-L.

Property leased to Communications Service Providers and Multi-Channel Video Programming Service Providers under an operating lease must be reported on Form 62A500 by the lessor.

Tangible property leased by a Public Service Company as defined by KRS 136.120 must be reported by the Public Service Company as if they are the owner of the leased property.

Tangible property leased to local governmental jurisdictions is exempt from state and local tax under the Governmental Leasing Act. Tangible property leased to any other tax-exempt entity must be reported by the lessor. Tangible property leased from tax-exempt entities by nonexempt lessees must be reported by the lessee.

**Depreciable Assets**—List depreciable assets on the appropriate schedule(s) at original cost. Apply appropriate factor(s) to obtain reported value. Do not use book depreciation for computing the fair cash value of depreciable assets. Noncommercial aircraft, documented boats and assets used in farming should be categorized and listed on the appropriate schedules. However, they are not depreciable pursuant to Schedule A or B factors. See line-by-line instructions for details.

**Manufacturing Machinery**—List machinery actually engaged in the manufacturing process, whether owned or leased, on Revenue Form 62A500, Schedule B. Manufacturing begins at the point the raw material enters a process and is acted upon to change its size, shape or composition and ends when the product is in saleable

condition. All activities preceding the introduction of the raw material into the manufacturing process and following the point at which the finished product is packaged or ready for sale are not manufacturing activities.

**Inventories**—List inventories at fair cash value using full absorption first-in-first-out (FIFO) costing. Such costs include freight, labor, taxes and duties. LIFO deductions are not allowable. Goods held for lease or rent may be considered merchants inventory. See line 31 instructions for details. The owner of consigned manufacturing or merchandising inventory must list the property. Kentucky merchants must list merchandise consigned by a nonresident on the Consignee Tangible Personal Property Tax Return, Revenue Form 62A500-C. For consignee reporting requirements, see the instructions for Revenue Form 62A500-C.

Automobile dealers must report **all** vehicles whether new, used, dealer assigned, titled, untitled, registered, or unregistered held for sale as motor vehicle inventory. Vehicles titled to dealers for their personal use are the only exception. List these vehicles on Form 62A500, Schedule C. All new vehicles are valued at the dealer's cost. Include a list of motor vehicles with the 62A500-S1 return. The list must include make, model, year, Kentucky license plate number, if applicable, and vehicle identification number (VIN).

**Farming Equipment and Livestock**—Farm implements, farm machinery and livestock owned by or leased to a person actually engaged in farming are subject to a reduced state rate only.

**Foreign Trade Zones**—Tangible property located within an **activated** foreign trade zone, as designated under Title 19 U.S.C. Sec. 81, is subject to a state rate only. The business must file a tangible return to claim Foreign Trade Zone status. File the return with the State Valuation Branch, Department of Revenue, Frankfort, KY 40620. Attach a copy of the foreign trade zone certificate.

**Pollution Control Facility**—Tangible property of a qualifying pollution control facility is subject to a state rate only. A taxpayer must have an approved pollution control exemption certificate issued by the Kentucky Department of Revenue. List qualifying property on Form 62A500, Schedule B.

**Fluidized Bed Energy Production Facilities**—Property certified as a fluidized bed energy production facility as defined in KRS 211.390 is subject to a state rate only. Complete Revenue Form 62A500 for each fluidized bed energy production facility. The return must contain only the assessment for the facility. File the return with the State Valuation Branch, Department of Revenue, Frankfort, KY 40620. Report other tangible property on a separate return.

**Industrial Revenue Bonds**—Tangible personal property owned and financed by a tax-exempt governmental unit or tax-exempt statutory authority, as defined under KRS 103.200, is subject to a state rate only. This includes all privately owned leasehold interests in industrial buildings owned and financed by a tax-exempt governmental unit or tax-exempt statutory authority. Report property value on Form 62A500, line 39. See line-by-line instructions for details.

**Rebuilds or Capitalized Repairs**—Cost figures for rebuilt equipment must be segregated according to “original” and “rebuild” costs and listed under two economic life classes on the tangible personal property tax return. The original cost of all assets is included in the year of acquisition in the appropriate class life. Any rebuild(s) capitalized for book or tax purposes are to be entered in

the appropriate class life for the expected life of the rebuild. If a second rebuild occurs, the second rebuild is again included in age 1 of the appropriate class for the expected life of that rebuild. The first rebuild is then deleted from the original cost column and dropped from the valuation process.

### Exceptions to the Fair Cash Value Computation

Taxable property inoperable and held for disposal as of the assessment date may be valued separately. List this property on Schedule C and include an affidavit explaining the circumstances and the basis for valuation. Such property is valued as follows:

- property that has been disposed of, but not written off the records, must be deducted from the original cost calculation; or
- if component parts have been removed and the remainder is useless to the business, report the actual scrap or salvage value; or
- if a visual inspection confirms that useful life has not ended, the true value is the greater of its depreciated book value or the actual salvage value; or
- property sold on or before the due date of the return through a proven arm's length transaction, is reported at the selling price.

Temporary idleness is not sufficient cause for separate valuation. This includes idleness attributed to seasonal operation or from repair or overhaul of equipment. Idled equipment no longer actually engaged in manufacturing is deemed to be Schedule A property and subject to full local rates.

### Listing and Valuing Tangible Personal Property

List depreciable property on Form 62A500, Schedule A or B, based on its economic life. To assist taxpayers in determining proper economic life classification a partial listing of North American Industrial Classification System (NAICS) codes is included. Property descriptions frequently used in these specific industries are listed under each code. Most businesses have property falling into more than one economic life classification. **Use the chart as a general guide.**

**An asset listing of each item of property must be available to the Department of Revenue upon request.** The asset listing should include original cost, make, model, serial number and/or other identification numbers.

### Fair Cash Value Computation

The fair cash value computation begins with cost. Cost must include inbound freight, mill-wrighting, overhead, investment tax credits, assembly and installation labor, material and expenses, and sales and use taxes. Premium pay and payroll taxes are included in labor costs. Costs are not reduced by trade-in allowances. Capitalize costs of major overhauls in the year in which they occur.

Cost should be net of additions, disposals and transfers occurring during the year. Multiply aggregate cost by the applicable conversion factor to determine reported value. The column totals represent the total original cost and total reported value of each class of property. Original cost totals must generally reconcile with the book cost. **NOTE:** Property written off the records, but still physically on hand, must be included in the computation.

# GENERAL INFORMATION

## Revenue Form 62A500

### Alternative Reporting Requirement

If a taxpayer believes the composite factors in the return have overvalued or undervalued the property, the taxpayer may petition the Department of Revenue to accept an alternative reporting method. Check the box on Form 62A500, page 1, if an alternative method of valuation is submitted. The taxpayer must file the return and affidavit of alternative valuation with the State Valuation Branch, not the local PVA. The affidavit must include a proposed alternate valuation method, justification of the method chosen and any evidence that supports the proposed method. **Accepting the alternative valuation method as filed in order to expedite the processing of the return, does not affect the department's right to eventually audit the return and the method used.**

For valuation information or assistance in filing this return, contact the PVA in your county (see the addresses and telephone numbers in these instructions) or the State Valuation Branch at (502) 564-2557. Go to [www.revenue.ky.gov](http://www.revenue.ky.gov) to download forms.

**General Information**—The following information is required to accurately process the return.

- Social Security number or Federal Employer Identification Number;
- NAICS code that most closely identifies your business activity;
- type of business activity;
- tangible personal property listings in other Kentucky counties (check appropriate box);
- alternative valuation (check appropriate box);
- name and address of business;
- property location (street address);
- county where the property is physically located;
- organization type (check appropriate box);
- taxpayer signature and telephone number and the preparer's (other than taxpayer) name at the bottom of Form 62A500, Schedule C.

**Failure to properly complete the general information section may result in omitted property notices, subject to penalties and interest.**

### Instructions for Lines 11–16 and 21–26 (Depreciable Assets)

Schedule A property includes, but is not limited to:

- business furniture and fixtures;
- professional trade tools and equipment;
- signs and billboards;
- drilling, mining and construction equipment;
- mini- and mainframe computers; and
- telephone, cable and cellular towers.

Schedule B property includes:

- qualifying commercial radio, television and telephonic equipment;
- qualified pollution control facilities; and
- manufacturing machinery and computer equipment controlling the machinery.
- radio and television towers.

Schedules A and B list six economic life classes. Property is classified by the expected economic life.

The age of property, whether purchased new or used, is determined as follows: property purchased in the year prior to the assessment date is age 1; purchases made 2 years prior are age 2; etc. Assets listed into Classes I, II and III, whose ages exceed the maximum age for each class (13 years), should be aggregated on "Age 13+" of the original cost column. Assets listed into Classes IV and V whose ages exceed the maximum age for each class (27 years) should be aggregated on "Age 27+" of the original cost column. As long as an asset is in use, it is valued using the appropriate factor as determined by its class and age. For Class VI assets whose age is greater than 27 years contact the State Valuation Branch for the appropriate factor.

Multiply the original cost by the conversion factor to arrive at the reported value. Add original costs for each class to determine the total original cost by class. Add reported values for each class to determine the total reported value by class. The column totals for original cost and reported value for each class of property are listed in the space provided for Schedule A and B property on Form 62A500, page 1. The grand total of original cost and reported value for all classes of property are summarized on lines 17 and 27.

### Line-by-Line Instructions

The following describes the various property categories. Report these values on Form 62A500, page 1.

**31 Merchants Inventory**—Merchants inventory represents goods held for sale or machinery and equipment that originated under a floor plan financing agreement. It may include retail goods, wholesale goods, consigned goods and goods held by a distributor. *Attach a separate schedule for machinery and equipment reported as inventory.*

**Used Boats Held for Sale by a Licensed Boat Dealer**—(A separate schedule, Form 62A500-MI, is included with this instruction package.)

**32 Manufacturers Finished Goods**—Manufacturers finished goods represent products that have been manufactured and are ready for sale or shipment.

**33 Manufacturers Raw Materials**—This group includes raw materials actually on hand at the plant for the purpose of introduction to the manufacturing process. It does not include unmanufactured agricultural products. *List raw materials not on hand at the plant on line 35.*

**Manufacturers Goods in Process**—Manufacturers goods in process include inventory that has been acted upon in some manner, but has not completed the manufacturing process.

**34 Motor Vehicles Held for Sale (Dealers Only)**—Motor vehicles held for sale shall be subject to property tax as goods held for sale in the regular course of business and are subject to a state rate only. *(A separate schedule, Form 62A500-S1, is included with this instruction package.)*

**Rental Vehicles of a Motor Vehicle Dealer are not considered as Inventory**—Nonregistered motor vehicles used in the operation of the motor vehicle dealership such as loaner/rental vehicles used in the service department for customers to drive while services are being

rendered on their motor vehicle. These motor vehicles should be registered with the county clerk and property tax paid at that time. Nonregistered rental/loaner motor vehicles should be listed on Schedule A, Class III.

*Service department motor vehicles of a motor vehicle dealer are not considered as Inventory*—**Nonregistered** pick up motor vehicles, wreckers, towing vehicles, etc. used in the service department of a motor vehicle dealer. These motor vehicles should be registered with the county clerk and property tax paid at that time. Nonregistered service department motor vehicles should be listed on Schedule A, Class III.

*Salvage Titled Vehicles (Insurance Companies Only)*—Salvage titled motor vehicles held by an insurance company, are subject to tax as goods held for sale in the regular course of business and are reported on line 34.

*New Farm Machinery Held Under a Floor Plan*—New farm machinery and other equipment, held in the retailer's inventory for sale under a floor plan financing arrangement by a retailer, are subject to a state rate only.

*New Boats and Marine Inventory (Dealers Only)*—New boats and new marine inventory held for retail sale under a floor plan financing arrangement by a dealer registered under KRS 235.220 are subject to a state rate only.

Nonferrous metal located in a commodity warehouse and held on warrant is subject to a state rate only.

**35 Goods Stored in Warehouse/Distribution Center**—Report personal property placed in a warehouse or distribution center for shipment to a Kentucky destination or held longer than six months on line 35.

**36 Goods Stored in Warehouse/Distribution Center—in Transit**—Personal property placed in a warehouse or distribution center for purposes of further shipment to an out-of-state destination shall be reported on line 36. The owner of the property must demonstrate that the personal property will be shipped out of state within the next six months. Property shipped to in-state destinations or held longer than six months is reported on line 35.

This property classification is exempted from state, county, school and city tax and may be subject to special district taxation.

**37 Unmanufactured Tobacco Products not at Manufacturers Plant nor in the Hands of the Grower or His Agent**—Tobacco grown in the year of assessment is exempt from taxation in that year. Such products still on hand as of January 1 of the following year would be taxable. This property is subject to a state property tax rate and a county/city tax rate.

**38 Other Unmanufactured Agricultural Products not at Manufacturers Plant nor in the Hands of the Grower or His Agent**—Any unmanufactured agricultural products, other than tobacco not in the hands of the manufacturer, grower or the grower's agent, are subject to a state tax rate and a county/city tax rate.

**39 Unmanufactured Agricultural Products at Manufacturers Plant or in the Hands of the Grower or His Agent**—Any unmanufactured agricultural products actually in the hands of the manufacturer, grower or the grower's agent are subject to a state tax rate only.

**Industrial Revenue Bond Property**—Tangible personal property purchased with an industrial revenue bond (IRB) is subject to taxation at a state rate only. **This rate shall not apply to the portion of value of the leasehold interest created through any private**

**financing.** Upon expiration of the bond, property is fully reportable on Schedules A and B at the appropriate age. The information necessary for calculation of taxable value of IRB property includes the following:

- the amount of the bond,
- the real property assessment,
- the personal property assessment,
- the life of the bond, and
- recipient of the property upon full amortization of the bond.

**The valuation of industrial revenue bond personal property contemplates ownership upon full amortization of the bond issue. If the property converts to the private entity upon full amortization, the property is assessed higher as the bond ages and as the private enterprise assumes a greater leasehold interest.**

The following example provides the basics of IRB property valuation:

Total industrial revenue bond value	—	\$11,000,000
Real property valuation	—	\$1,000,000
Life of the bond issue	—	20 Years
The private entity receives the IRB property upon amortization of the issuance.		
Total industrial revenue bond		\$11,000,000
Less: Real property valuation		(\$ 1,000,000)
Tangible personal property cost		\$10,000,000

*All machinery purchased under the IRB must first be segregated and calculated as described for lines 11–16 and 21–26.*

*Step 1:* \$10,000,000 X Economic Life Factor =  
Reported Value

*Step 2:* Reported Value X Actual Property Age/20  
(e.g., life of the IRB)

*Step 3:* Carry Step 2 result to Form 62A500, line 39.

**Conversely, if the tax-exempt statutory authority ultimately receives the property, the assessed valuation for taxation purposes begins at 100 percent and is fully amortized over the life of the bond.**

Contact the State Valuation Branch at (502) 564-2557 with questions or for additional information and instruction.

*Qualifying Voluntary Environmental Remediation Property* for information see "What's New for 2010" at the front of this form.

**50 Livestock and Farm Equipment**—List the fair cash value of all owned or leased farm equipment and livestock.

*Fluidized Bed Energy Production Facilities*—Property certified as a fluidized bed energy production facility as defined in KRS 211.390 is subject to taxation at a state rate only. See instructions for lines 11–16 to calculate the value of certified property.

**60 Other Tangible Personal Property**—List the totals from Schedule C on Form 62A500, line 60.

Schedule C property includes:

- aircraft for hire (not reported on Form 61A200);
- non-Kentucky registered watercraft (not reported on Form 61A207);

- U.S. Coast Guard documented watercraft used for commercial purposes (not reported on Form 61A207);
- **materials, supplies and spare parts;**
- investment properties such as coin, stamp, art or other collections;
- research libraries; and
- precious metals.

List aircraft for hire on the appropriate line on Schedule C at fair market value.

Materials, supplies and spare parts, normally expensed, must be segregated and valued separately. Any supplies included in inventory should be removed from the inventory value and reported on Schedule C. In all cases, list such property at original cost.

Supply items are valued at original cost in the amount on hand at year-end. Returnable containers, such as barrels, bottles, carboys, coops, cylinders, drums, reels, etc., are valued separately at original cost. In absence of year end totals, use the yearly expense accounts total divided by 12.

List the fair market value of all coin collections, stamp collections, art works, other collectibles and research libraries. List the number of ounces of all gold, silver, platinum and other precious metals. If the market value of a precious metal is known, list the value per ounce as of the preceding December 31 in the Value Per Ounce column. Multiply the number of ounces by the value per ounce to determine the total fair market value.

**70 Activated Foreign Trade Zone**—Tangible personal property located within an activated foreign trade zone as designated under Title 19 U.S.C. Section 81 is subject to taxation at a state rate only. Complete Form 62A500 using the composite conversion factors for depreciable assets.

**81 Construction Work in Progress (Manufacturing Machinery)**—Machinery and equipment that eventually becomes part of the manufacturing process is classified as manufacturing machinery during the construction period. Report such property at original cost.

**82 Construction Work in Progress (Other Tangible Property)**—During the construction period, list all tangible property that does not become part of the manufacturing process on line 82. **NOTE:** Tangible property includes contractor’s building components.

**90 Recycling Machinery and Equipment**—List machinery or equipment, not used in a manufacturing process, owned by a business, industry or organization in order to collect, source separate, compress, bale, shred or otherwise handle waste materials if the machinery or equipment is primarily used for recycling purposes (KRS 132.200(15)). *Examples:* balers, briquetters, compactors, containers, conveyors, conveyor systems, cranes with grapple hooks, crushers, densifiers, exhaust fans, fluffers, granulators, lift-gates, magnetic separators, material recovery facility equipment, pallet jacks, perforators, pumps with oil, scales, screeners, shears, shredders, two-wheel carts and vacuum systems.

**Revenue Form 62A500-A**

**Noncommercial Aircraft** — List the serial number, federal registration number, make, year, model, size, power and value of all aircraft owned on January 1. Attach a separate sheet if necessary. Include additional information regarding avionics equipment, engine hours, condition and other documentation that may influence the aircraft value in the space provided. Do not list aircraft assessed as public service company property. **List aircraft used in the**

**business of transporting persons or property for compensation or hire and not assessed as a public utility on Revenue Form 62A500, Schedule C. Taxation is based on the situs of the aircraft, regardless of the owner’s residency.**

**Revenue Form 62A500-C**

If on January 1 you have in your possession any consigned inventory that is held and not owned by you, you are required to complete this form and report the kind, nature, owner and value of all such inventory. If you are assuming the responsibility for the property taxes on the consigned inventory, you must report the value of such inventory on the tangible personal property tax return appropriate for your business activity. Consigned inventory must be valued using full absorption first-in-first-out (FIFO) costing. LIFO deductions are not allowable. A separate return is required for each location at which consigned goods are located. File the return as an attachment to Revenue Form 62A500.

**Revenue Form 62A500-L**

All persons and business entities who lease tangible personal property from others (e.g., lessees) are required to file the Lessee Tangible Personal Property Tax Return, Revenue Form 62A500-L. A separate return for each property location is required. File the return as an attachment to Revenue Form 62A500.

Provide all information requested. List the name and address of the lessor and the related equipment information, including the type of equipment, year of manufacture, model, selling price new, gross annual rent, date of the lease, length of the lease and purchase price at the end of the lease. Attach a separate schedule if necessary.

**Revenue Form 62A500-W**

**Documented Boats** — Boats registered with the United States Coast Guard, situated in Kentucky, are subject to personal property taxes. These must be listed on the Tangible Personal Property Tax Return (Documented Watercraft), Revenue Form 62A500-W, and filed with the State Valuation Branch or PVA in the county where the boat is situated. **Taxation is based on the situs of the boat, regardless of the owner’s residency.**

Do not list any commercial watercraft on this return. Commercial watercraft includes federally documented watercraft used in transporting people and/or property for compensation or hire. The documented watercraft classification does not include short-term leases or rentals of recreational watercraft.

**Kentucky Department of Revenue Mission Statement**

*As part of the Finance and Administration Cabinet, the mission of the Kentucky Department of Revenue is to administer tax laws, collect revenue, and provide services in a fair, courteous, and efficient manner for the benefit of the Commonwealth and its citizens.*

\* \* \* \* \*

*The Kentucky Department of Revenue does not discriminate on the basis of race, color, national origin, sex, religion, age or disability in employment or the provision of services.*

## Property Classification Guidelines

List depreciable property based on its economic life. To assist taxpayers in determining proper economic life classification, a partial listing of the North American Industry Classification System (NAICS) codes follows. Property descriptions frequently used in these specific industries are listed under each code. Most businesses have property falling into more than one economic life classification.

### GENERAL BUSINESS ACTIVITIES CLASS

General business purpose integrated computer systems and related peripheral equipment, such as mini-computers, micro-processors, terminals, disk and tape drives, printers, data entry equipment and software. I

General administrative activities involving data handling equipment such as typewriters, calculators, adding and accounting machines, copiers and duplicating equipment, and fax machines. II

General administrative activities involving the use of desks, file cabinets, communications equipment, security systems, and other office furniture, fixtures and equipment. III

Only dozers, tractors, trucks and loaders used in mining and construction. IV
